

## Sample Pastor's Letter Announcing Your Program

(Date)

Dear Pastor,

Enclosed you will find a flyer giving details on the post-abortion recovery class which (your organization) offers \_\_\_\_\_ times a year. We would appreciate it if you would post the flyer on a bulletin board of your church.

You may be aware that in our state (number of abortions) abortions are reported yearly. Twenty percent of these abortions are performed on women who list their church as evangelical. An abortion often wounds an individual deeply, bringing on depression, grief and regret. There may be hurting individuals in your congregation who need their Christian brothers and sisters to help them see God's truth regarding the sin of abortion and their hope in God – this is the aim of the recovery class. It is a privilege to watch God work in the lives of women who begin to trust Him and apply His Holy Word to their lives.

The recovery class is led by two individuals, one who is normally post-abortive and has experienced God's healing and are "pressing toward the mark" in Christian living. We rely on His Holy Spirit to perform healing work in the lives of every individual sent to this class.

Please feel free to call our post-abortion coordinator, \_\_\_\_\_, if you have any questions.

Sincerely in Christ,

(Your Name)

(Name of Your Organization)
